www.userneeds.dk

### **About us**

Userneeds is a small research institute located on Frederiksberg. We specialize in carrying out online surveys in the Nordic countries. We are working for clients in both the private and public sector and because we are experiencing growth in both clients and assignments, we are looking for more people to join our company.

Within the last few years Userneeds has built the largest consumer panel in Denmark and we also have large panels in Finland, Norway and Sweden. This makes us able to execute a number of opinion polls, market research surveys etc. where a broad sample of Nordic people participate.

Userneeds was established in 2001 and today we employ more than 35 people.

### **What we are looking for**

We are looking for a Finnish panel and analysis consultant with a thorough knowledge of and interest in construction of questionnaires, panel administration and analysing quantitative data. You must be a native Finnish speaker and have a very good knowledge of the language. Also you should be able to communicate well in English. Additionally, you must have experience with Microsoft Office – especially Word and Excel – and an interest for market research in general.

The office tone is humorous and committed and we expect the same from you.

### **About the job**

As analysis consultant you will construct questionnaires, reply e-mails from the panellists, write reports, and perhaps carry out analyses and make presentations for clients. A lot of the work is independent, but the projects will be supervised by our experienced analysis managers.

The position requires 8-16 hours per week and the hours will be adjusted according to our needs and your studies (if you are a student). We are counting on a certain amount of flexibility from our employees and occasionally working hours will stretch till evening if a project requires it.

The salary is 110 Danish kroner per hour plus savings for vacation and free lunch.

If the job sounds interesting, please send your CV and cover letter to Panelist Loyalty Manager Kenneth Rude Vegeberg at [kenneth@userneeds.dk](mailto:kenneth@userneeds.dk). You are also welcome to write if you have any questions about the position. Please label the application "Finnish panel and analysis consultant".

The job would start as soon as possible and at the latest on February or March.
